## The Playground Problem Robin Hill School

**problem 1.5.9a playground design problem teacher support ...** - gtt - lesson 1.5 - problem 1.5.9  
playground design problem teacher support document - page 6 step 4: mate the back of the climbing wall to the side of the main platform as shown below. (make sure your wall is on the correct side of the platform!) step 5: flush the side of the climbing wall to an adjacent side of the main platform **solving playground network problems - annex.exploratorium** - • playground with painted game courts or other paved surface (a four square court is an ideal network) • chalk • small ball or other object to toss • blank stickers • markers group size depends on the network: it's simpler to solve your problem if the number of points in the network is two or three more than the number **a playground problem passage questions** - a playground problem by rachelle kreisman have you ever built a model? a model is a small copy of something. people make models of buildings, cars, and many other things. models can be fun to build. they also can communicate ideas to other people. let's say your town wants to build a playground. however, the town has only **h this isis jack.. - myubam** - the playground problem the best party ever. 1 this is jack. today jack is in a lonely mood. billie is home sick from school and jack has nobody to play with. 2 3 jack has other friends, but billie is his bestest best friend. the school day feels long and boring without billie. **volume 15 issue 1 fall 2009 the playground problem teacher ...** - volume 15 issue 1 fall 2009 page 1 the playground problem teacher's instructions pre-class draw your own solution to the playground problem. introduction set up by talking about playgrounds and solving problems with space. **problems & solutions for accessible playground surfacing** - slope for the accessible route or the turning radius. there may also be the problem of the changes in vertical level at the playground edge. depending upon the installation and maintenance of the surface there may also be problems as-associated with the height that the surface must be from the **burn safety awareness on playgrounds - cpsc** - thermal burns from playground equipment the u.s. consumer product safety commission cpsc wants you to be aware of the risk of thermal burns from playground equipment. you may remember the metal slides of your youth and how they could get very hot in the summer sun. **playground supervision guide - play & park structures** - choice, social and pretend play, and problem solving. why is playground supervision preparation important? studies have shown that working as a group to learn about playground supervision creates strong, active supervision, which in turn can reduce the number of playground injuries (national program for playground safety).
